### Message

I am delighted to learn about the establishment of the new Atal Bihari Vajpayee Skill University in Vishal Gaon, Gangtok, Sikkim. This initiative is a fitting tribute to the visionary ideals of former Prime Minister Bharat Ratna Late Sh. Atal Bihari Vajpayee Ji, who dedicated his life to nation-building, education and empowerment through skill development and higher learning.

The university's mission to create a centre of excellence in vocational training, higher education and industry-aligned skill programmes is truly commendable. It aligns perfectly with the broader vision of a Viksit Bharat by 2047, fostering meaningful contributions toward India's progress and development.

I am confident that this institution will play a pivotal role in shaping skilled professionals and empowering youth in the region.

I extend my best wishes for its continued success and impactful journey ahead.

  
(Nayab Singh)
